

St. Andrew's Health Center

SMP Health System

Draft: 9/20/2017

2017 Community Health
Implementation Plan

Bottineau County

North Dakota

St. Andrew's Health Center, Bottineau County Economic Development Corporation, Bottineau Public Schools, Dakota College at Bottineau, Bottineau Area Christian Ministerial Association, Bottineau County Social Services, First District Health Unit – Bottineau County, Family Crisis Center and Metigoshe Lions Club

2017
Implementation Plan for the CHNA
Adopted on February 21, 2017

Executive Summary

Introduction

This report provides a summary of the Community Health Needs Assessment (CHNA) and Implementation Planning activities recently completed. A cross section of many local organizations came together and participated in this CHNA Implementation planning process: St. Andrew’s Health Center (Critical Access Hospital), Bottineau County Economic Development Corporation, Bottineau Public Schools, Greater Bottineau Area Chamber of Commerce, Dakota College at Bottineau, Bottineau Area Christian Ministerial Association, Bottineau County Social Services, First District Health Unit – Bottineau County, Family Crisis Center and the Metigoshe Lions Club. Each of these organizations plays a critical and distinct role in the community needs of the Bottineau area.

The CHNA was finalized on September 20, 2016 by the St. Andrew’s Health Center Board of Directors in order to outline areas of community health needs for the Bottineau area. The purpose of conducting the needs assessment is to describe the health of local people, identify areas for health improvement, identify use of local healthcare services, determine factors that contribute to health issues, identify and prioritize community needs, and help healthcare leaders identify potential action to address the community’s health needs. A survey was distributed to gather feedback from the community. The survey was designed to be an additional tool for collecting qualitative data from the community at large – specifically, information related to community-perceived health needs. The information gathered was summarized and reported to St. Andrew’s which distributed the information to community members and also made the report available on their website. A summary of the Implementation Plan that describes how the organizations plan to meet the prioritized needs identified in the CHNA has been developed, and will be used to measure and report progress on the actions taken to address the identified needs within the Bottineau community.

Participants

The following were the participants in the Implementation Plan process:

St. Andrew's Health Center (SAHC) – St. Andrew's is currently licensed as a 25 bed, Level V Trauma, Critical Access Hospital, with a Rural Health Clinic and an attached 14 unit Apartment facility.

Bottineau County Economic Development Corporation (EDC) – The Bottineau County Economic Development Corporation is intended to provide financing incentives to business and recreational activities that desire to expand or locate in the greater Bottineau trade area. The EDC Director and a board member, J. Beyer, represented the EDC.

Bottineau Public Schools – The mission of Bottineau Public Schools is to provide students opportunities to develop their potential intellectually, socially and physically as they prepare to meet the challenges of a diverse global society.

Greater Bottineau Area Chamber of Commerce – The organization advances all the business, professional, civic and cultural interests of the city.

Dakota College at Bottineau (DCB)–Dakota College at Bottineau is one of the eleven campuses in the North Dakota University System and offers 33 career/technical programs or options leading to certificates of completion, diplomas, or AAS degrees. The 35-acre campus of Dakota College at Bottineau is located on the northern edge of the city of Bottineau.

Bottineau Area Christian Ministerial Association – A collective group of Pastors that meet monthly and work for the overall good of the parishes and communities which they serve.

Bottineau County Social Services – A major agent of county government responsible for the provision of economic and social services to identified vulnerable children, adolescents, adults, elderly and families. The services provided help those persons help themselves maintain or enhance their quality of life.

First District Health Unit – Bottineau County –The mission of public health is to make a positive impact on the health and welfare of the community through service, education, prevention, and collaborative activities.

Family Crisis Center– A non-profit organization that empowers victims of domestic violence and sexual assault by providing a full range of services.

Metigoshe Lions Club – Empower volunteers in the Bottineau area to serve their communities, meet humanitarian needs, encourage peace and promote international understanding through Lions clubs.

Bottineau Parent Teacher Organization – J. Tegestad

Community Member – J. Mortensen

These entities will continue to work together to provide for the health needs of area residents. The local providers will continue to meet on a regular basis to communicate progress towards individual organizational goals and also to communicate on the collective process in meeting the community health needs. SAHC has worked collaboratively with the above entities to develop the strategic implementation plan priorities and goals. This planning document is dedicated to the local health plan that St. Andrew's Health Center will use in partnership with.

St. Andrew's Health Center

Our Mission

“St. Andrew's Health Center, in union with the Sisters of Mary of the Presentation, works for the glory of God by bringing the Word and Healing of Jesus Christ to all, with a special concern for the poor and elderly. Through the shared ministry with the laity, St. Andrew's Health Center participates in the health care mission in the work of healing which is the work of God. Our individual inspiration is Jesus and His Gospel message. Permeated with the Charism of the Sisters of Mary of the Presentation, we minister to one another and to all who come to us for care.”

St. Andrew's Health Center has been a part of the community since 1913; our mission is to provide services to all who come to us for care; this is something that we are very proud of. Our ability to better the lives of those most in need is the core of our beliefs and

knowing that we can make a difference in the lives of those we serve. In addition, we believe that through our leadership and presence in the community we have been and will continue to be an essential part of the healthcare delivery team.

The organizations have collaborated and developed an Implementation Plan, using information from the Community Health Needs Assessment, from lessons learned through collaborative meetings, and from community surveys. The Implementation Plan will address the priorities identified in the Community Health Needs Assessment by establishing goals, objectives and initiatives to improve the healthcare provided in the area and improve the health of communities that are served. The leader and team associated with the various initiatives will develop action steps and timelines, and will report the progress to the CEO. The CEO and Board of Directors of SAHC will monitor progress and provide reports to the community.

Through this process, goals have been established to address the identified health needs. Objectives and Action steps have been developed to address these goals. The goals and related priorities addressed follow below.

Community Health Strategic Implementation Plan

Tier 1: SAHC Leadership

Identified Need: Availability of Behavioral Health					
Goal: Increase Awareness of, and Access to, Behavioral Services					
Objective: Develop a Collaborative Approach to Behavioral Health Availability					
Resources	Activities/Action Step (what)	Outputs (how)	Outcome (why)	Timeline (when)	Lead
<ul style="list-style-type: none"> • St. Andrew's Health Center • Bottineau County Social Services • Bottineau High School • Sherriff's Department • Ministerial Association • Dakota College at Bottineau • Rob Sanderson 	<ul style="list-style-type: none"> • Awareness of Rural Mental Health Consortium 	<ul style="list-style-type: none"> • # of patient visits – 74 appointments 4/1 to 6/30/2017 	<ul style="list-style-type: none"> • expand awareness of RMHC • Radio/Social Media 	June 2018	<ul style="list-style-type: none"> • St. Andrew's Health Center • Bottineau High School • DCB

	<ul style="list-style-type: none"> • Chamber Activity 	<ul style="list-style-type: none"> • Community Calendar 			

Community Survey:

St. Andrew's Health Center

SMP Health System

A Community Health Needs Assessment (CHNA) identified a need of the availability of resources to help the elderly stay in their homes. This survey will determine the awareness of services that are already available and help determine what other resources could be used to assist the elderly to continue living in their homes. We thank you for your time and cooperation.

Are you aware of these services available to help the elderly stay in their home?
